WESLEY CHAPEL

FL 33545

ID: #####N/A

Date of Birth: [REDACTED]

Promissor ID: FLE##### [REDACTED]

Exam Date: 11/20/2009

Exam Result: **PASS**

Examination Name: Electrical Contractor - Alarm Systems II

Congratulations! You have successfully passed this portion of the Electrical Contractor's examination. Before you apply for licensure you must also pass the Electrical Business examination. If this other requirement has not yet been met, you may schedule your examination by contacting Pearson VUE at 1-888-204-6230 or online at: <http://www.pearsonvue.com>.

Passing examination scores are valid for two (2) years from the date of the examination. Therefore, you must pass both parts of the examination and apply for licensure within two (2) years of the date you pass the first part of the examination.

If you have passed all examination sections, and met all other requirements please submit a licensure application to the Department of Business and Professional Regulation. Once this application has been received, processed, and approved, a license will be issued and mailed to you.

A licensure application may be obtained via the Department's website <http://www.myfloridalicense.com/dbpr/pro/elboard/forms.html> or by contacting the Department at 850.487.1395.

Questions relating to other aspects of licensure also may be directed to the Department of Business and Professional Regulation's Customer Contact Center at 850-487-1395.
